The purpose of the Roxana C. Arsht Fellowship is to encourage law students, recent law school graduates and attorneys newly admitted to the Bar of the Supreme Court of Delaware to pursue careers in non-profit sectors in Delaware. In an effort to encourage attorneys to work in public interest positions, the Fellowship offers financial assistance for three years to each recipient selected.

Applicants must apply for the Fellowship within three years of law school graduation, and must secure a position with a non-profit organization that provides legal services that benefit the Delaware community, underrepresented groups, or indigent persons in Delaware. An applicant's annual salary may not exceed $50,000 to be eligible for the Fellowship.

For the year 2012, the Fellowship Committee will accept applications from September 1 through October 15, 2011. A decision will be announced by December 15, 2011 with one award being approved. The amount of the award will vary each year as it is based on the annual interest earned by the Fellowship Fund. Recipients will have two opportunities to pass the Delaware Bar exam, and if necessary, they must sit for the exam in consecutive years to continue their eligibility.

Applications may be found at the Delaware State Bar Association website http://www.dsba.org/pdfs/ArshtFellowshipApplication2011.pdf. Please send the completed application with your resume and supplemental statements to the Delaware State Bar Association address listed above. If you have any questions, please contact Jessica Zeldin at (302) 656-4433.

RECYCLING

Printer cartridge recycling industry analysts estimate that used inkjet cartridges can be recycled and reused between **4** and **7** times.

According to industry statistics, over **86%** of inkjet cartridges consumed in the United States are **not** recycled, they're thrown in the trash. That translates to **350** million printer cartridges that end up in landfills or incinerators or about **875** million pounds of e-waste.

Widener School of Law has a ***recycling container*** for HP Inkjet color and black cartridges outside of ITS on Main Street. Please help the environment by recycling these small printer cartridges

What is Going Green?

Increasing your awareness and making better choices every day to help the environment is known as "***Going Green.***" As the price of gas and other commodities rise, air quality levels decrease, water levels run low, and global climate change occurs, people are more aware of how their daily actions and choices affect the environment and begin to make conscious efforts to decrease their impact on our world's natural resources. Resolve to Reduce, Reuse, and Recycle.

Widener OUTLaw

A Gay-Straight Student Alliance

OUTLaw serves dual purposes. First, we bring Lesbian, Gay, Bisexual, and Transgender (LGBT) students from the law school and LEI program together in a safe and comfortable environment. Second, we act as an emissary to the Widener student body and the greater Wilmington and Philadelphia areas.

Find acceptance. All are welcome!
