The Widener Legal Education Institute is pleased to offer a language specific workshop for court interpreters of all skill levels and backgrounds, beginners, intermediate and advanced interpreters as well as individuals with general interest in becoming a Court Interpreter for the Khmer, Polish, Portuguese, Spanish and Vietnamese languages. Plenary sessions will be language neutral.

ABOUT THE WORKSHOP

The goal of this workshop is to guide the participant in the development of the indispensable, practical skills that are particular to the consecutive, simultaneous and sight interpretation modes. The workshop is a collaborative effort with Widener University School of Law, the First Judicial District (the Philadelphia Courts) and the Administrative Office of the Pennsylvania Courts (AOPC). In support of the collaboration are the Philadelphia companies which offer interpretation and translation services, Quantum, Inc., EZ Language, Language Services Associates, as well as the Delaware Valley Translators Association and the Pennsylvania Interbranch Commission for Gender, Racial and Ethnic Fairness. This workshop will ensure equal access to justice for litigants with limited English proficiency, (LEPs), and provide institutional training for spoken language interpreters with regard to court proceedings in the Khmer, Polish, Portuguese, Spanish and Vietnamese languages.

EDUCATIONAL & TRAINING OBJECTIVES

Following the workshop, participants should:

- ✓ Develop Key skills: note-taking, consecutive & simultaneous interpretation, sight translation
- ✓ Develop Protocols, standards of practice & best professional practices for court interpreters
- ✓ Become familiar with legal terminology and glossary (English Foreign Language)
- ✓ Understand general ethical responsibilities for judiciary interpreters

Instruction assumes some prior basic training and exposure to these modes of interpretation. The main instructional strategy for this workshop is a graduated difficulty approach to the task of simultaneous interpretation. Coursework will move from simple exercises to hone listening-speaking skills, through lag development, to the simultaneous interpretation of edited recordings. Plenary discussion topics will include general information about certification examination rating and scoring. Instruction will also include exposure to a "Trial Scenario" which is a trial-like demonstration to assist with problem solving, issue spotting and how-to approaches in a simulated courtroom environment.

Instructional materials will cover a wide range of subject matter, from literature, glossaries to a guilty plea colloquy, jury instructions, oath for interpreters, and voir dire for interpreters. These materials will contribute to the growth of participant's general and subject-specific vocabulary. All exercises will be followed by peer and instructor assessment of the performance with respect to analysis of the source language, and the accuracy, linguistic integrity and delivery in the target language. These discussions will create an opportunity to reflect on and develop the desired simultaneous interpreting strategies and skills.

To maximize the learning experience, participants are welcome to bring:

- ✓ Laptop or a CD Player (Compact)
- ✓ Digital Recorder
- ✓ English-Foreign Language Dictionary
